Switches • Relays • Circuit Breakers • Indicators • Pilot Controls

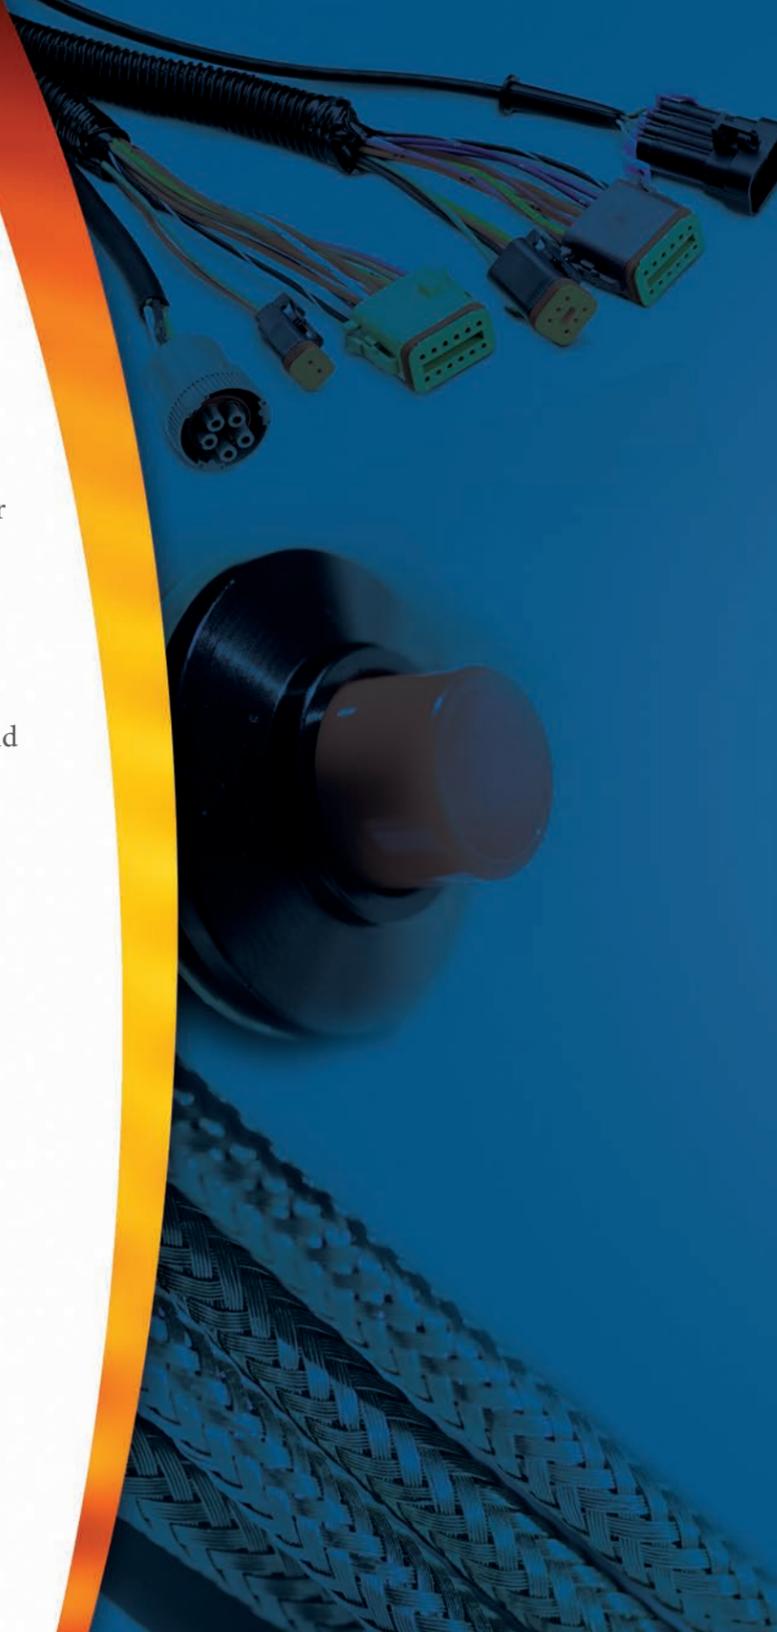

Marine Air Supply is a woman owned, stocking, and value-added distributor of electro-mechanical products from leading manufacturers. An ISO 9001:2015 & AS9100D certified firm, our focus is on mil-spec and commercial grade switches, relays, circuit breakers, lighted panel devices, and cockpit control devices. With over fifty-seven years experience in electro-mechanical distribution, Marine Air is a proven leader with an excellent track record of customer satisfaction in the assembly and distribution of switching products.

Our customers demand and receive high quality products, consistent and reliable service, and competitive pricing.

Rely on Marine Air Supply for:

- Leading products, brands, and lines
- Superior expertise and extensive product knowledge
- Outstanding value-added services
- Quick off-the-shelf delivery
- Courteous service at all times

Extensive Inventories: Marine Air Supply stocks an extensive inventory of military, industrial, and commercial products.

Our Customers: We service over 3,500 customers in a broad spectrum of industries including: Military, Homeland Security, Aerospace and Commercial Aviation, Medical, Transportation, Industrial, as well as Commercial Electronics.

Our Partners: Marine Air Supply's Quality Management System has strong partnerships with major suppliers such as Safran Power USA, LLC. and Safran Electronics & Defense Avionics, Eaton VCBU, OTTO Engineering, Electroswitch, and many more. These relationships enable us to deliver on all of your demands.

Convenient Location: Headquartered in Frederick, Maryland, just outside of Washington, D.C.

Our Team: Our sales and support teams have a lot to offer customers: The experience of many years of service, expertise born of strong product knowledge, and a dedication to professional support. We provide a level of support second to none in our industry.

Value-Added: As an authorized value-added distributor and on-site assembly center, Marine Air provides quick turnaround on lighted switch and indicator assemblies manufactured by Safran Power USA, LLC / Safran Electronics & Defense Avionics. We offer on-site custom and computerized engraving and labeling for all switch and indicator applications along with a large inventory of components, packaged to contract specifications, to complete your job from start to finish and on time.

Complete Customer Satisfaction: This is not only our goal with every order, but the mantra we live by. Satisfied customers, outstanding quality products, dependable delivery, and competitive pricing are behind every Marine Air order.
